

CHRISTMAS ADVENT STITCH ALONG

Welcome to the Mama Geek Christmas Advent Stitch Along. I have designed a set of 8 Christmas decorations, using a colour palette of red, green & blue. There are no fractional stitches and some simple backstitching.

There is quite a lot of stitching to do so don't stress if you don't keep up - you can always catch up after Christmas during the holiday break!

What you need:

- 8 3-inch hoops (I used a mix of bamboo & 3D printed hoops)
- 14-count aida / 28-count evenweave, 8 squares of 5x5 inches
- Materials to finish your hoops to your preference, such as ribbons & washi tape

Links for these supplies can be found on my blog, including the 3D print designs I modified to be able to add a backing piece to.

FINISHED SIZE OF EACH DESIGN

Count Size: 45 x 45 stitches

14-count aida / 28-count evenweave: 8.2 x 8.2 cm (3 inch hoop)

DMC COLOUR KEY

Use 2 strands of thread for cross stitch, and 1 strand for backstitching.
